Frontend Developer

ISTE Students' Chapter NIT Durgapur

Official Website of ISTE Students' Chapter NIT Durgapur – (istenitdgp.com)

Feb 2022

Durgapur, India

- Developed a professional and engaging website that accurately reflects the organization's brand identity and values.
- Implemented features such as user-friendly navigation menu, interactive sections, forms, and dynamic content. Additionally, orchestrated a robust search engine optimization strategy, leading to a noteworthy 30% improvement in the organization's online visibility and search engine rankings.

PROJECTS

JK-bros: JK-Bros is a technology-driven logistics firm providing seamless intracity and intercity delivery solutions. It includes ReactJs for dynamic user interfaces, TailwindCss for responsive styling, Firebase for seamless data management, and Node.js for robust server-side functionality. ([Preview](#))

Space-Odyssey: Successfully developed a feature-rich quiz website utilizing ReactJS and Firebase, achieving exceptional results. This project attracted an impressive 500+ participants. With the inclusion of time-limit quizzes and topic-specific categories, user engagement soared, and the competitive spirit among users led to a remarkable 40% increase in participation, creating an immersive and engaging experience. ([Source on Github](#))

ISTE Auditions Page: Designed a cutting-edge auditions website that seamlessly streamlines the audition process, utilizing advanced web development skills. This platform has successfully attracted over 1500+ students, offering them a user-friendly and efficient experience for their auditions. ([Source on Github](#))

EXTRA-CURRICULAR ACTIVITIES

- Successfully solved over 300+ DSA questions across multiple platforms, showcasing proficiency in problem-solving, coding, and algorithmic analysis. ([Leetcode](#))
- Love to read books related to financial growth and life.
